Peak 10 Provides Managed Hosting Services to Apex® Payroll

February 10, 2012—Roswell, GA — Apex Payroll a trusted provider of comprehensive payroll, payroll tax, Human Resources and timekeeping services and cloud based technology, today announced that it is utilizing Peak 10 for providing managed hosting services. Peak 10's rock solid solutions deliver increased security and availability for Apex Payroll's cloud based technology. Peak 10 is SSAE 16 audited and helps companies meet the requirements of various regulatory compliance acts such as Sarbanes-Oxley (SOX).

"We chose to work with Peak 10 because of its superior reputation, technical capabilities and its team's regulatory compliance expertise," said Stephen Gregg, the CEO of Apex Payroll. "With Peak 10, our customers can rest assured that they will have uninterrupted access to the cloud-based tools and data they need to run their business, and that their customers' information is secure."

"With Peak 10's enterprise-class infrastructure and continuous network monitoring, we can deliver high availability and around-the-clock access for Apex Payroll and its clients' data," said Kevin Lenahan, CTO of Apex Payroll. "This means that the company can focus its resources on continued product development, rather than IT."

Peak 10's tailored cloud, managed IT and data center solutions improve performance and availability, lower costs and maximize internal resources for customers while keeping their valuable information technology assets close to the business. The company combines its reliable, secure, private network and enterprise-class data centers with responsive, expert engineering and support to serve market-leading companies nationwide. Peak 10 provides concrete, sustainable results, offering customers a complete portfolio of cloud, managed services and data center solutions. The company owns and operates data centers in 10 key markets.
